

Follow the Blue Line.

From tank to tailpipe, Dinex supplies all critical mechatronic components for AdBlue® systems. Field-tested and validated for performance and durability – competitively priced and widely available. Adding to our complete range of exhaust and emission solutions. So why deal with multiple suppliers when you can get it all from one source?

AdBlue® Injectors

Precision dosing. Minimal deposits.

AdBlue® Filters

Keep dirt out.
Before harm is done.

AdBlue® Pumps

Tough. Durable. Reliable flow.

NEW!

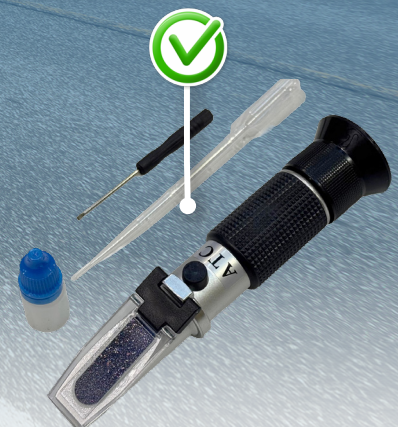

AdBlue® Level Sensors

Keep flow under control. At the source.

AdBlue® Tester

Check it first. Avoid downtime.

Backed by 1-year warranty and leading technical support.
